

The Bluegrass Region: The Land, the People, and the Resources

Contents

Overview

Slope of the Land

Elevation

Inner Bluegrass

Geology

Tyrone Limestone
Lexington Limestone
Limestone Quarries

Landscape

Limestone Terrain
Alluvial Valley
Ancient River Valleys
Karst

Sinkholes
Cover-Collapse Sinkhole

Living Space

Growth
Changing Land Use
Urban Expansion
Urban Service Boundary
Residential Development
Sinkhole Flooding
Storm Water Management
Waste Management

Resources and the Economy

Transportation
Tobacco
Bourbon
Water Resources
Limestone Springs
Herrington Lake
Kentucky River
Mineral Resources
Construction Aggregate

Historic Preservation and the Natural World

State Capitol
Historic Structure
Historic Mill
Stone Fences
Historic Preservation
Purchase of Development Rights
Wildlife Education
Hurst Falls
Stream Life
Scenic Beauty
Kentucky River Palisades
Shakertown
Bataan Memorial
Fort Harrod

Bluegrass Hills

Geology and Landscape

Ancient River Deposits
Shaly Limestone
Clays Ferry Formation
Clays Ferry Terrain
Hilly Terrain
Kope Formation
Kope Terrain

Living Space

Slope Stability
Slope Failure
Landslides
Flood Protection
Waste Management

Resources and the Economy

Limestone
Water
Kentucky River
Recreation
Tourism

Historic Preservation and the Natural World

Lincoln Homestead
Blue Licks State Park
Mt. Zion Covered Bridge
Chaplin River

Outer Bluegrass

Geology and Landscape

Glacial Deposits
Oldham County
Ashlock Formation
Ashlock Formation Terrain
Boyle Dolomite Terrain
Bull Fork Formation Terrain
Drakes Formation
Rowland Member
Fairview Formation
Fairview Formation Terrain
Limestone Spring
Calloway Creek Limestone
Calloway Creek Limestone Terrain
Grant Lake Limestone
Grant Lake Limestone Terrain
Northeastern Outer Bluegrass
Jeffersonville Limestone
Preacherville Formation
Garrard Siltstone
Jeptha Knob
Geology of Jeptha Knob

Living Space

Residential Growth
Rural Residential Development
Construction on Limestone
Cover-Collapse Sinkhole
Floodplain Development
Cynthiana
Floodplains
Flood Protection
Construction on Shale
Pavement Failure

Resources and the Economy

Electric Power
Recycling
International Airport
Saddlebred Capital of the World
Bourbon
River Transportation
Recreation
Abandoned Quarry
Water Resources
Reservoirs
Water Supplies
Mineral Resources
Limestone Quarry
Sand and Gravel

Historic Preservation and the Natural World

Wildlife Habitat
Wildlife and Industry
Big Bone Lick
Rabbit Hash
My Old Kentucky Home

Knobs and Shale

Geology and Landscape

Clay Shale
Clay Shale Valleys
Clay Shale Terrain
Boyle Dolomite
Farmers Sandstone
New Providence Shale
Recreation and Wildlife
Wildlife Management Area
