

## **Taylorsville Lake Bluegrass Hills Region**

**Taylorsville Lake State Park is a popular weekend destination because of its proximity to the Louisville metropolitan area. The park, covering 1,200 acres in eastern Spencer and western Anderson Counties, offers fishing, boating, camping (RV and tent), hiking, horseback riding, and biking. A marina and several boat ramps offer access to the lake at different locations. Photo by Stephen Greb, Kentucky Geological Survey.**
