Directory of Certified Water and Monitoring Well Drillers

Kentucky Division of Water
Department for Environmental Protection
Natural Resources and Environmental Protection Cabinet

The map shows companies located in Kentucky with water and monitoring well drillers that have received their Kentucky Water Well Driller's Certificate.

The certificate indicates that the holder is authorizd to drill water or monitoring wells in Kentucky, as indicated, and has successfully passed the examination, completed training, or complied with other requirements of 401 KAR 6:320 and KRS Chapter 223.

Neither the Natural Resources and Environmental Protection Cabinet nor the Kentucky Geological Survey recommend any individual driller or company over another.

Certified Drillers Located Within Kentucky

W = Water Wells Only, M = Monitoring Wells Only, B = Certified for Both

See pages B1 - B3 for a list of out of state certified drillers
