WELL COMPLETION REPORT

PLEASE SUBMIT THIS REPORT WITHIN 30 DAYS AFTER COMPLETION OF THE WELL

WELL LOG		CASING AND SCREEN RECORD		
State the kind of formations penetrated, their depth, their thickness, and if water-bearing		State the kind and size of casing, liner, shoe, screen and other accessories (if no casing used, give diameter of well)		
	Feet	Diam. ins.	Feet	
	From To		From To	
Sandy clay	0 - 6'	Casing 20"	0 - 182'	
Sand + gravel	6 - 55	" 12"	0 - 184'6"	
Br Clay	55 - 60	Screen 10"	184'6" - 230'	
Green clay	60 - 90	S.S.		
Green clay + shell	90 - 183			
Sand	183 - 189			
Sand + shell	189 - 199			
Sand	199 - 223'			
clay	223 - 224			
Sand	224 - 229			
clay	229 -			

Owner City of Dover Del.
Address _____
East Dover Elem.
Tenant School well
Address _____

(Please draw location of well and road sketch on reverse side)

PUMPING TEST
Hours Pumped 24
Pumping rate 710 GPM

WATER LEVEL
Distance from land surface to water:
Before Pumping 74' ft.
After Pumping 139 ft.

APPEARANCE OF WATER
Clear
Cloudy _____
Taste _____
Odor _____

Height of casing above land surface _____ ft.

PUMP
Type _____
Capacity—GPM _____
GPHr _____
Pump column length _____ ft.
