- start log
Sun 10:30 -> oops for line
10:30 run down #2 - oops

11:20 demob from P#2
WJU office

sun to 33.90' ^{was on!} up!
#3 oops for line
#4 is good

~~13:00 post lunch setup on P#3
still on line spr #4 @ 230m
P#3 (P452-06)
Proposed~~

This looks like only 2 logs were recorded, so last log dated up: 35. is the best one for this hole
