VDMR # 815 WWCR # 71

TOTAL DEPTH: 63 Feet

GEOLOGIC LOG

0-23	No samples
23	Overburden - weathered granodiorite, buff colored clay, feldspar fragments, quartz fragments, some epidote.
35	As above
48	Granodiorite - quartz, feldspar, epidote, chlorite, trace of calcite (top of bedrock above this depth)
60	As above
60-63	No samples

GEOLOGIC SUMMARY

AGE

ROCK UNIT

Precambrian

Pedlar formation

Virginia Division of Mineral Resources Laurence H. Gardner II - Geologist May 14, 1963
