

OWNER: Norman A. Whitsel
DRILLER: C. R. Moore, Inc.
COUNTY: Rockingham (Mt. Crawford)

VDMR: 1530
WWCR: 550
Total Depth: 195'

GEOLOGIC LOG

Depth in feet

28-30	Dolomite - dark-gray, fine-grained, crystalline; some light-olive-gray dolomite; some dark-gray, fine-grained limestone; minor vein calcite, dark-gray chert; trace pyrite
30-40	Dolomite - light-olive-gray, fine-grained crystalline; calcareous; white vein dolomite
40-50	" some limonite stains
50-60	" brown, tan, and gray chert
60-70	Dolomite - dark-gray, fine-grained, crystalline; white vein dolomite
70-80	Dolomite - light-olive-gray, fine-grained, crystalline; white vein dolomite
80-90	"
90-100	"
100-110	" tan and gray chert
110-120	Dolomite - medium-dark-gray, fine-grained, crystalline; dark-gray chert
120-130	" much tan chert
130-140	" tan chert
140-150	" minor crystalline calcite
150-160	" "
160-170	" much tan chert
170-180	Dolomite - light-olive-gray, fine grained crystalline; minor dark-gray dolomite
180-190	"
190-195	Dolomite - medium-dark-gray, fine-grained, crystalline; minor light-olive-gray dolomite; some dark-gray chert

GEOLOGIC SUMMARY

Rock Unit	Age
Beekmantown Formation	Ordovician
