GEOLOGIC LOG

Depth in feet

0-40	No samples		
40-62	Biotite gneiss - tan, iron-oxide stained, medium- to fine-grained, granite, slightly foliated; feldspar, quartz, biotite, and trace of muscovite		
62-82	, ii	tannish-gray, less iron-oxide staining	
82-102		gray, medium- to fine-grained, micaceous, , quartz, biotite, and trace of muscovite	
102-122		light-gray; less biotite; trace of pink feldspar	
122-142	, II	light-pinkish-gray; less biotite, increase in amount of pink feldspar	
142-162	11		

GEOLOGIC SUMMARY

	Rock Unit	Age
0-401	No samples	
40-1621	Wissihickon Formation	Precambrian (?)
