Owner: Jane Gillespie

Driller: Claude Brewer

Location: Mt. Rogers area, 1.5 miles north of Route 58 on

740, Grayson County

Depth: 125'

0-65 No sample.

65-85 Gray gneiss with a few gravel sized rounded quartz grains, some are rose quartz, from original sediment, a streak of red feldspar. (The rose quartz comes from south of there, in North Carolina.)

85-105 Gray gneiss with sand size rounded quartz grains.

105-125 Gray and black gneiss with rounded sand grains including rose quartz, some streaks of red feldspar and probably biotite.
