THE STATE JOURNAL COMPANY
Printer to the Commonwealth
Frankfort, Ky.

LETTER OF TRANSMITTAL,
STATE DEPARTMENT OF MINES,
STATE OF KENTUCKY.

June 30, 1925.

To His Excellency,
William J. Fields,
Governor of Kentucky,
Frankfort, Ky.

Sir:—

In compliance with Section 3, Acts of the Legislature in session 1893, I have the honor to submit herewith my first Annual Report for the State Department of Mines for the calendar year ending December 31, 1924, this being the forty-fifth report upon the condition of the coal mines within the State as reported by the several District Inspectors.

Permit me to express my sincere appreciation for the kind and courteous consideration given me, which has been of great benefit in carrying out my official duties. It would be neglectful, indeed, if I failed to state a few words in commendation of the splendid and efficient co-operation extended to the Department of Mines by the employees, officials and coal operators. To this united assistance credit is due, for without it the efficiency of this Department cannot be maintained.

Respectfully submitted,

W. H. JONES,
Chief Inspector of Mines.
